

Name: _____

Part I – Estimate the Length of the Sides of the Reflecting Pool

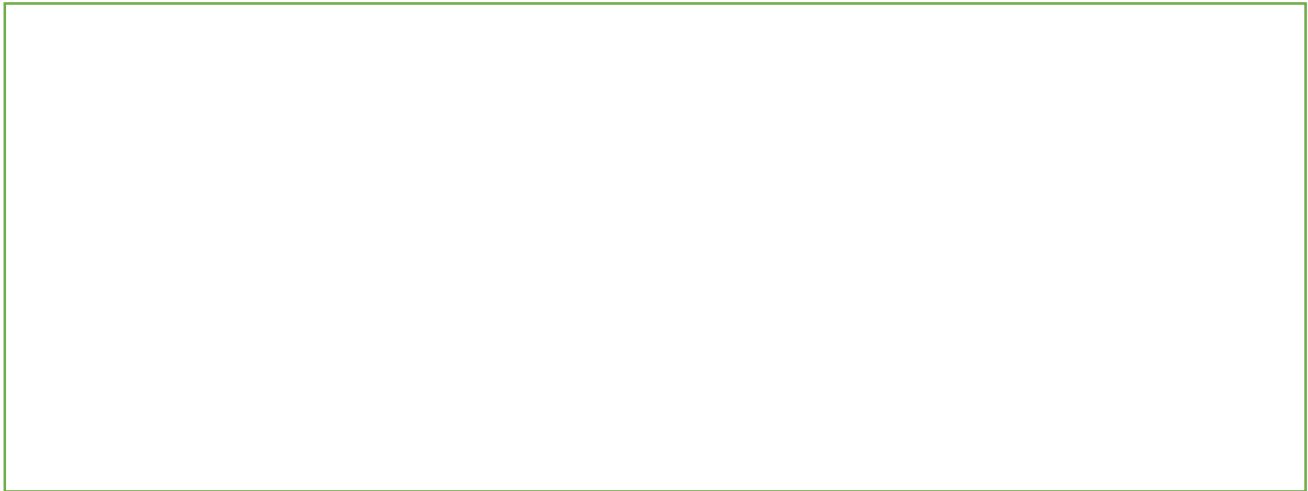

1. Is the Reflecting Pool a perfect rectangle? _____

How many sides does the Reflecting Pool have? _____

2. Looking at the Reflecting Pool from above, trace its perimeter.

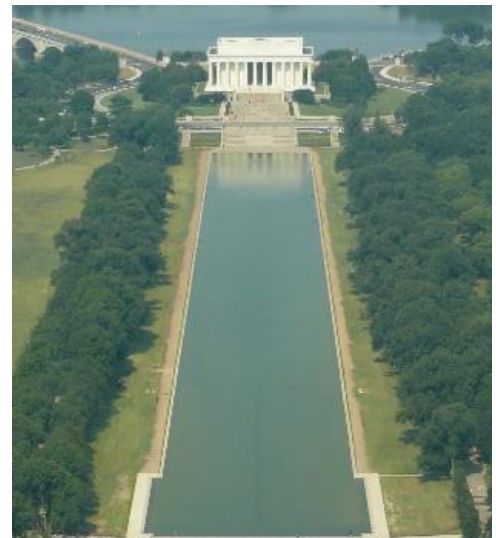

3. Sketch the shape you traced of the Reflecting Pool below.

4. Investigate!

In your group, use your materials to find the length of each side of the Reflecting Pool. You can use all or some of your materials to measure the length of each side. **Can you measure the sides without the ruler?**

Name: _____

5. How did your team measure the sides of the pool?
